WAC 232-12-051 Muzzleloading firearms. (1) Definitions.

(a) Muzzleloader: A firearm which is loaded from the muzzle and uses black powder or a black powder substitute as recommended by the manufacturer for use in all muzzleloading firearms.

(b) A muzzleloading firearm shall be considered loaded if a powder charge and a projectile, either shot or single projectile are in the barrel and the barrel or breech is capped or primed.

(2) It is unlawful to hunt wildlife using a muzzleloading firearm which does not meet the following specifications.

(a) A muzzleloading shotgun or rifle must have a single or double barrel, rifled or smooth-bored.

(b) A muzzleloading shotgun or rifle used for deer must be .40 caliber or larger. Buckshot size #1 or larger may be used in a smoothbore of .60 caliber or larger for deer.

(c) A muzzleloading shotgun, rifle, or handgun used for all other big game must be .45 caliber or larger.

(d) Persons lawfully hunting small game with a double barrel, muzzleloading shotgun may keep both barrels loaded.

(e) A muzzleloading handgun must have a single or double barrel of at least eight inches, must be rifled and be capable of being loaded with forty-five grains or more of black powder or black powder substitute per the manufacturer's recommendations.

(f) A muzzleloading handgun used for big game must be .45 caliber or larger.

(g) A handgun designed to be used with black powder, including black powder percussion revolvers, can be used to hunt forest grouse, cottontail rabbits, and snowshoe hares.

(3) In addition to the above requirements, it is unlawful to participate (hunt) in a muzzleloading hunting season using a firearm which does not meet the following specifications for a muzzleloader. A modern handgun may be carried for personal protection if that person possesses a concealed pistol license as defined in RCW 9A.10.070. Modern handguns cannot be used to hunt big game or dispatch wounded big game during a big game hunting season for muzzleloading firearms.

(a) Ignition is to be wheel lock, matchlock, flintlock, or percussion using original style percussion caps that fit on the nipple and are exposed to the weather. "Exposed to the weather" means the percussion cap or the frizzen must be visible and not capable of being enclosed by an integral part of the weapon proper. Primers designed to be used in modern cartridges are not legal.

(b) Sights must be open, peep or of other open sight design. Fiber optic sights are legal. Telescopic sights or sights containing glass are prohibited.

(c) It is unlawful to have any electrical device or equipment attached to a muzzleloading firearm while hunting.

(d) Those persons lawfully hunting big game with a double barrel muzzleloader may only keep one barrel loaded.

(4) Hunters with disabilities who meet the definition of being visually impaired in WAC 232-12-828 may receive a special use permit that would allow the use of scopes or other visual aids. A disabled hunter permit holder in possession of a special use permit that allows the use of a scope or visual aid may hunt game birds or game animals during muzzle-loader seasons.

(5) Muzzleloading firearms used during a modern firearm season are not required to meet ignition, sight, or double barrel restrictions.

WAC 232-12-054 Archery requirements—Archery special use permits. (1) Rules pertaining to all archery:

(a) It is unlawful for any person to carry or have in his possession any firearm while in the field archery hunting, during an archery season specified for that area, except for modern handguns carried for personal protection if that person possesses a concealed pistol license as defined by RCW 9A.10.070. Modern handguns cannot be used to hunt big game or dispatch wounded big game during an archery, big game hunting season.

(b) It is unlawful to have any electrical equipment or electric device(s) attached to the bow or arrow while hunting.

(c) It is unlawful to shoot a bow and arrow from a vehicle or from, across or along the maintained portion of a public highway, except persons with a disabled hunter permit may shoot from a vehicle if the hunter is in compliance with WAC 232-12-828.

(d) It is unlawful to use any device secured to or supported by the bow for the purpose of maintaining the bow at full draw or in a firing position, except persons with an archery special use permit may hunt game birds or game animals using a device that stabilizes and holds a long bow, recurve bow, or compound bow at a full draw, and may use a mechanical or electrical release.

(e) It is unlawful to hunt wildlife with a crossbow, except in designated areas. However, disabled hunter permittees in possession of a crossbow special use permit may hunt with a crossbow in any season that allows archery equipment.

(f) It is unlawful to hunt big game animals with any arrow or bolt that does not have a sharp broadhead, and the broadhead blade or blades are less than seven-eighths inch wide.

(g) It is unlawful to hunt big game animals with a broadhead blade unless the broadhead is unbarbed and completely closed at the back end of the blade or blades by a smooth, unbroken surface starting at maximum blade width forming a smooth line toward the feather end of the shaft and such line does not angle toward the point.

(h) It is unlawful to hunt wildlife with any bow or crossbow equipped with a scope. Except hunters with disabilities

who meet the definition of being visually impaired in WAC 232-12-828 may receive a special use permit that would allow the use of scopes or other visual aids. A disabled hunter permit holder in possession of a special use permit that allows the use of a scope or visual aid may hunt game birds or game animals during archery seasons.

(2) Rules pertaining to long bow, recurve bow and compound bow archery:

(a) It is unlawful for any person to hunt big game animals with a bow that possesses less than 40 pounds of pull measured at twenty-eight inches or less draw length.

(b) It is unlawful to hunt big game animals with any arrow measuring less than 20 inches in length or weighing less than 6 grains per pound of draw weight with a minimum arrow weight of 300 grains.

(3) Rules pertaining to crossbows:

(a) It is unlawful to hunt big game animals with a crossbow with a draw weight less than 125 pounds, a limb width less than 24 inches, a draw length less than 14 inches, and a working trigger safety.

(b) It is unlawful to hunt big game animals with any arrow or bolt measuring less than 16 inches in length and weighing less than 350 grains.

(c) It is unlawful to hunt game animals or game birds with a crossbow that weighs more than 15 pounds.

(4) Archery special use permits:

(a) An archery special use permit is available to a person who possesses a valid disabled hunter permit. An archery special use permit application must be signed by a physician stating that the person's disability is permanent and the person has a loss of use of one or both upper extremities, has a significant limitation in the use of an upper extremity, or has a permanent physical limitation, which loss or limitation substantially impairs the ability to safely hold, grasp or shoot a long bow, recurve bow or compound bow. The loss or limitation may be the result of, but not limited to, amputation, paralysis, diagnosed disease, or birth defect. The approved archery special use permit must be in the physical possession of the person while using adaptive archery equipment as described in subsection (1)(d) of this section to hunt game birds or game animals.

(b) A crossbow special use permit is available to a person who meets the requirements for an archery special use permit and is unable to use adaptive archery equipment. Adaptive equipment includes, but is not limited to: Cocking devices that hold the bow at full draw; trigger mechanisms that may be released by mouth, or chin, or hand supporting the bow; and devices that assist in supporting the bow. Information describing types of adaptive equipment will be provided to physicians for their assessment of the applicant's ability to utilize adaptive archery equipment. Muscle weakness, impaired range of motion, or unilateral hand weakness disability, of both hands or both arms or both sides of the upper extremity, may result in an inability to use adaptive archery equipment. Standard tests approved by the American Medical Association may be conducted to assess a person's abilities.

WAC 232-12-055 Hunting—Hunter orange clothing requirements. (1) Except as authorized in subsection (5) of this section, it is unlawful to hunt upland birds or rabbits during any upland game bird season unless the hunter is wearing fluorescent hunter orange clothing.

(2) It is unlawful to hunt deer or elk during all modern firearm general seasons in any manner unless the hunter is wearing fluorescent hunter orange clothing.

(3) All modern firearm permit holders must wear fluorescent hunter orange clothing.

(4) It is unlawful to hunt bear, cougar, bobcat, raccoon, fox, coyote, rabbit, forest grouse or hare during those times and in those places open to the taking of deer or elk during a modern firearm season, unless the hunter is wearing fluorescent hunter orange clothing.

(5) Persons who are hunting upland game birds during an upland game bird season with a muzzleloading firearm, bow and arrow or falconry are not required to wear fluorescent hunter orange clothing.

(6) Wearing fluorescent hunter orange clothing means: A minimum of 400 square inches of fluorescent hunter orange exterior clothing, worn above the waist and visible from all sides.

(7) Violation of this section is an infraction, punishable under RCW 77.15.160.

WAC 232-12-073 Master hunter permit program. (1)

In order to effectively manage wildlife in areas or at times when a higher proficiency and demonstrated skill level are needed for resource protection or public safety, the department establishes the master hunter permit program.

(2) The master hunter permit program emphasizes safe, ethical, responsible, and lawful hunting practices. Program goals include improving the public's perception of hunting and perpetuating the highest hunting standards. A master hunter permit is required to participate in controlled hunts to eliminate problem animals that damage property or threaten public safety.

(a) The cost of initially applying for a master hunter permit shall be fifty dollars. The cost of renewing a master hunter permit shall be twenty-five dollars.

(b) The department shall determine the program's requirements and curriculum. The director shall establish an advisory group to assist agency staff in developing and managing the program.

(3) Master hunters are held to the highest ethical standards because these hunters are ambassadors for the department and are role models and mentors for the hunting community and for the public at large. Initial master hunter permit applicants must submit to a criminal background check. The department shall deny entry into the master hunter permit program to those applicants who have:

(a) Paid the required fine or been convicted within the last ten years of a chapter 77.15 RCW offense;

(b) Paid the required fine or been convicted within the last ten years of criminal trespass, reckless endangerment, criminal conspiracy, or making a false statement to law enforcement, while hunting, fishing, or engaging in any activity regulated by the department;

(c) Prior felonies prohibiting the possession of firearms, unless firearm possession is reinstated; or

(d) A current hunting or fishing license revocation or a current suspension of hunting or fishing license privileges in Washington or in another state.

(4) Master hunter permit applicants will be required to sign and abide by a hunter code of ethics and pass a comprehensive examination based upon study materials provided by the department. An initial master hunter permit applicant found to have submitted fraudulent information to the department or to have cheated on the master hunter examination will be excluded from the master hunter permit program for life.

(5) Initial master hunter permit applicants who successfully complete the master hunter permit program will receive a master hunter patch and a master hunter permit. The initial master hunter permit is valid for five consecutive years from the date of issuance. The permit may be renewed for additional five-year increments if, during each five-year period of validity, the master hunter fulfills the renewal requirements established by the department.

(6) Master hunters renewing their permit shall authorize the department to conduct a criminal background check each time they renew. The criminal background check will go back five years from the master hunter's anniversary date or back to the date this rule amendment was adopted, whichever period of time is shorter. The department's approval will be determined by compliance with this section.

(7) Persons who successfully complete the master hunter permit program and maintain the requirements developed by the department may participate in special hunts. These master hunters must possess a valid master hunter permit while participating in the hunts.

(8) The department shall suspend a master hunter's permit for life if the master hunter:

(a) Pays the required fine or is convicted of a chapter 77.15 RCW misdemeanor, gross misdemeanor, or felony;

(b) Pays the required fine or is convicted of criminal trespass, reckless endangerment, criminal conspiracy, or making a false statement to law enforcement, while hunting, fishing, or engaging in any activity regulated by the department;

(c) Pays the required fine or is convicted of a felony prohibiting the possession of firearms, unless firearm possession is reinstated;

(d) Has his or her hunting or fishing license revoked, or hunting or fishing license privileges suspended in Washington or in another state; or

(e) Submitted fraudulent information to the department.

(9) A master hunter who pays the required fine or is found to have committed an infraction under chapter 77.15 RCW or the department's rules shall have his or her master hunter permit suspended for a period of two years.

(10) If a master hunter is cited, or charged by complaint, for a chapter 77.15 RCW offense; or for trespass, reckless

endangerment, criminal conspiracy, or making a false statement to law enforcement, while hunting, fishing, or engaging in any activity regulated by the department, the department may immediately suspend the person's master hunter permit until the offense has been adjudicated.

(11) The department's master hunter coordinator will maintain open communications with landowners and the community. The department will investigate written accusations about master hunters and determine whether such complaints have merit and warrant enforcement action.

(12) Except under subsection (10) of this section, if a master hunter has his or her initial or renewal master hunter permit suspended for less than life, and the person wants to become a master hunter again, he or she must repeat the entire master hunter permit application process once the suspension period is over.

(13) Any person who has been denied initial admission into the master hunter permit program, renewal of his or her master hunter permit, or has had his or her master hunter permit suspended, has the right to an administrative hearing to contest the agency action. Such hearing will be held pursuant to chapter 34.05 RCW, the Administrative Procedure Act. Initial master hunter permit applicants who fail to submit the application fee or who submit an incomplete application will have their application returned. Denial of admission on these grounds does not trigger the right to an administrative hearing.

(14) "Conviction," as used in this section, is defined in RCW 77.15.050.

(15) It is unlawful for any person to hunt in a hunt restricted to master hunters if such person has not successfully been admitted into the master hunter permit program and maintained the requirements set forth in this section, or if the person's master hunter permit has been suspended. Master hunters need a valid master hunter permit and a valid hunting license and tag to hunt in master hunter restricted hunts. "To hunt," as used in this section, is defined as "an effort to kill, injure, capture, or harass a wild animal or wild bird," pursuant to RCW 77.08.010(53). Master hunters who have been issued a disabled hunter permit by the department may only hunt with a designated hunter companion who has been admitted into the master hunter permit program and maintained the requirements under this section. Violations of this subsection shall be enforced under RCW 77.15.400 for wild birds, RCW 77.15.410 for big game, and RCW 77.15.430 for wild animals other than big game.

(16) Only Washington residents, as defined in RCW 77.08.010(39), may apply for an initial master hunter permit.

WAC 232-12-168 Fishing contests. (1) Contest defined: By definition, a fishing contest exists when 6 or more licensed persons fish competitively and determine winners, regardless of prize value.

(2) Application:

(a) Fishing contest permit applications should be submitted to the department by July 1 of each year for contests that are to take place the following calendar year. After July 1,

applications must be submitted not less than 30 days prior to the date for which the contest is proposed.

(b) Applications must include the permit fee required by RCW 77.65.480. The fee will be returned if the permit is denied. No more than seven permits will be issued to any one permittee during a calendar year. The fee is \$24 per permit.

(c) For purposes of application for a fishing contest permit, "permittee" means a "person" as defined in RCW 77.08.-010. All applications from a permittee must be in a single name.

(3) Approval:

(a) Fishing contests which adversely affect fish or wildlife resources or other recreational opportunity may be denied.

(b) Contests will not be allowed on sea-run cutthroat trout, wild steelhead, Dolly Varden or bull trout.

(c) During fishing contests, where anglers target tiger muskies, no retention of caught fish is allowed. Tiger muskies may be caught, measured for length, photographed and all fish must be immediately released alive.

(4) Prize value: Total prize value per contest will not exceed \$5,000 when trout, steelhead, char, whitefish, grayling, tiger muskie, or kokanee are included as target species; provided that contests wherein other species not listed above are targeted, or where bass or walleye are the targeted species and at least 90 percent of bass or walleye are released alive and in good condition after the contest, may qualify for no limitation on amount of prize.

(5) Legal requirements, all contests:

(a) Fishing contest permits must be in the possession of the contest sponsor or official at the contest site.

(b) Contests are restricted to the species and waters approved on the permit. Only those species listed as a target of the contest may be retained by contest participants during bass or walleye contests where all contestants fish at the same time and place.

(c) Sponsors must report contest information requested by the department within 30 days after the contest has ended. Subsequent contest permits will not be issued for one year after the date of the contest for which the report was not returned if this requirement is not fulfilled.

(d) Contest participants may not restrict public access at boat launches.

(e) Contests for bass and walleye where participants expect to fish at the same time from boats on lakes or reservoirs will not last longer than four consecutive days and have the following limits per water:

ACRES	CONTESTS PER DAY	BOATS PER CONTEST DAY
Less than 300	1	15
301 - 3,000	1	35
3,001 - 6,000	2	75
6,001 - 10,000	2	120
More than 10,000	3	250

* No more than four weekend days per month nor more than two weekends per month may be scheduled on any water when contestants fish at the same time, and are allowed to fish from boats.

(f) It is unlawful for the fishing contest permittee or any of the contest participants to fail to comply with the conditions of the fishing contest permit, or of general fishing rules not specifically exempted by this permit. Failure of the permittee or any of the contestants to comply with all provisions of the contest permit or of other fishing regulations during a contest may lead to revocation of the permit and result in denial of fishing contest permits to the permittee and related organizations or individuals sponsoring contests for two years.

(6) Special regulations, bass and walleye contests:

(a) In any contest targeting either bass or walleye, all live bass or walleye must be released alive into the water from which they were caught after being weighed and/or measured. At the end of each day's competition, if the mortality of target fish caught that day exceeds 10%, the contest will be suspended. Suspended contests may be continued (within assigned permit dates) only if the cause of the high mortality can be positively identified, and the cause of the mortality (high waves, equipment deficiency, etc.) ceases or is corrected by contest officials.

(b) During bass and walleye contests only, participants may continue to fish while holding up to five fish in possession, as long as one fish is released immediately upon catching a fish which would make the angler in excess of five fish if kept. The fish released may come either from the one just caught, or from the livewell, but at no time may the angler have more than five fish in the livewell.

(c) During bass contests, contestants may not use live bait.

(d) During bass and walleye contests participants may retain up to five bass and walleye of any size to be weighed in. A tournament angler may not be in possession of more than five bass or walleye from the water being fished, except as authorized under (6)(e) below.

(e) The contest director or director designee may exceed possession limits for bass or walleye for the purpose of transporting fish from a weigh-in site to an open-water area. During transportation, the transport boat must not leave the water the fish were caught from and a copy of the contest permit must be on board during actual fish transport.

(f) Boat identification: All boats used for fishing in bass and walleye contests must be clearly identified according to criteria established by the department.

(7) Aquatic invasive species decontamination. Prior to launching into any Washington state body of water:

(a) All contest participants are required to sign an aquatic invasive species decontamination statement that their boats and/or boat trailers have or have not been in physical contact with any waters outside of Washington state for thirty days immediately preceding the contest and, if the boat and/or trailer has been in contact with such waters, the participant must complete an aquatic invasive species decontamination report indicating that the following actions have been taken:

(i) A physical inspection has been made of the hull, motor, trailer, livewell and bilge by the contest director or designee, according to criteria established by the department; and

(ii) Any aquatic invasive species, if found, have been disposed of in a garbage container; and

(iii) The hull, motor, trailer, livewell, and bilge have been decontaminated according to criteria established by the department.

(b) The aquatic invasive species decontamination statement and decontamination report shall be submitted to the department as part of the fishing contest report.

WAC 232-12-227 Hunter education training program requirements. (1) The director may designate a state coordinator for the purpose of administering the hunter education program. The state coordinator shall be responsible for the certification of volunteer instructors and the development of instructional materials, training aids, operating policies and procedures necessary to comply with the provisions of this section and RCW 77.32.155.

(2) It is unlawful for any person born after January 1, 1972, to obtain an initial hunting license in the state of Washington without having completed a department-approved course involving at least ten hours of instruction in conservation, safety and sportsmanship.

(3) Upon satisfactory completion of these requirements, each student shall be issued a certificate of accreditation signed by an authorized instructor or the state coordinator.

(4) It is unlawful for a license dealer to issue a hunting license for a person born after January 1, 1972, unless a hunter education certificate is presented at the time of purchase. This subsection does not apply to individuals listed in the department's licensing data base system with a valid hunter education certificate number.

WAC 232-12-828 Hunting of game birds and animals by persons with a disability. (1) Definitions:

(a) "Hunter with a disability" means a person with a permanent disability who possesses a disabled hunter permit issued by the department. A hunter with a disability must have all required licenses, tags, permits, and stamps before hunting.

(b) "Disabled hunter permit" means a permit, card, or endorsement to a license issued by the department to any person with a permanent disability who applies to the department and presents such evidence as the director may require

showing that the applicant is a person with a qualifying disability. Upon approval of the application, the department will issue a vehicle identification placard. A designated hunter companion card will be issued with a hunting license.

(c) "Designated hunter companion" means a person who assists a hunter with a disability in the stalking, shooting, tracking, retrieving, or tagging of game birds and game animals.

(d) "Designated hunter companion card" means an identification card issued by the department to the hunter with a disability.

(e) "Blind or visually impaired" means a central visual acuity that does not exceed 20/200 in the better eye with corrective lenses, or the widest diameter of the visual field does not exceed twenty degrees.

(f) "Accompany" means the hunter with a disability and the designated hunter companion are in the physical presence of each other, not to exceed a 1/4-mile separation. While stalking or shooting an animal, the hunter with a disability and the designated hunter companion must have a form of reliable and direct communication.

(g) "Special use permit" means a permit issued by the department to a person with a specific permanent disability as a reasonable accommodation. The special use permit allows for a specific act or acts to include, but not be limited to, use of adaptive mechanical, electrical, or specialty equipment or devices that aid the person in hunting.

(h) "Person with a disability" means:

(i) A person who has a permanent disability and is not ambulatory over natural terrain without a lower extremity prosthesis or must permanently use a medically prescribed assistive device for mobility, including, but not limited to, a wheelchair, crutch, cane, walker, or oxygen bottle; or

(ii) A person who has a permanent disability and is physically incapable of holding and safely operating a firearm or other legal hunting device.

This definition includes, but is not limited to, persons with a permanent upper or lower extremity impairment who have lost the use of one or both upper or lower extremities, or who have a severe limitation in the use of one or both upper or lower extremities, or who have a diagnosed permanent disease or disorder which substantially impairs or severely interferes with mobility or the use of one or both upper or lower extremities for holding and safely operating a firearm or other legal hunting device; or

(iii) A person who is blind or visually impaired.

(i) "Public highway" means the entire width between the boundary lines of every way publicly maintained when any part thereof is open to the use of the public for purposes of vehicular travel as defined in RCW 46.04.197.

(2) The designated hunter companion must accompany the hunter with a disability when stalking or shooting game on behalf of the hunter with a disability. The hunter with a disability or the designated hunter companion must immediately cut, notch, or date any required tag. The tag must be affixed to the carcass of the game bird or animal as soon as is reasonably possible after killing the game.

(3) The designated hunter companion does not need to accompany the hunter with a disability while tracking an animal wounded by either hunter, or while tagging or retrieving a downed animal on behalf of the hunter with a disability.

(4) It is unlawful for a designated hunter companion to assist a hunter with a disability unless the designated hunter companion has the designated hunter companion identification card on his or her person.

(5) It is unlawful for a hunter with a disability to shoot from a motor vehicle, unless the vehicle is stopped, the motor is turned off and the vehicle is removed from the maintained portion of a public highway. If the roadway is not paved, and it is impossible for the hunter with a disability to completely remove the vehicle from the roadway, then the hunter may shoot from the vehicle if the vehicle is as far off the roadway as possible. A disabled hunter vehicle identification placard must be displayed.

(6) It is unlawful for any person to possess a loaded firearm in or on a motor vehicle, except if the person is a hunter with a disability and the vehicle is in compliance with subsection (5) of this section.

(7) Game birds or game animals killed, tagged or retrieved by a designated hunter companion on behalf of a hunter with a disability do not count against the designated hunter companion's bag or possession limit.

(8) A designated hunter companion shooting game for or who may be shooting game for a hunter with a disability must have a valid hunting license issued by Washington or another state.

(9) Special use permits.

(a) The director may develop conditions and criteria for administering and issuing special use permits.

(b) The hunters and fishers with disabilities advisory committee established in RCW 77.04.150 may assist the department in evaluating requests and criteria for issuing special use permits.

(c) Special use permits must be carried on the person acting under or using devices authorized by the permit.

(d) The terms for use granted by a special use permit, when provided as a reasonable accommodation, shall supersede other hunting or fishing rules and restrictions.

WAC 232-12-840 Hunting and fishing opportunities for terminally ill persons. Pursuant to RCW 77.32.565 the director is authorized to provide special hunting opportunities for terminally ill persons. The director may establish criteria for application and award of these special opportunities.

(1) The director is authorized to receive special permits from donors and redistribute them to terminally ill persons.

(2) The director may issue special permits allowing the harvest or catch of fish and game as exceptions or additions to other rules established by the commission.

(3) The director may make agreements with landowners to provide access for special hunting and fishing opportunities.

(4) The director may also make agreements with others to assist the terminally ill in facilitating the harvest or catch of fish and game.

The director shall report annually to the fish and wildlife commission the number and types of opportunities provided to terminally ill persons.

WAC 232-28-248 Special closures and firearm restriction areas.

RESTRICTED AND PROHIBITED HUNTING AREAS.

These areas are closed by Fish and Wildlife Commission action. Other areas may be closed to hunting by local, state or federal regulations.

IT IS ILLEGAL TO HUNT EXCEPT WHERE PROVIDED IN THE FOLLOWING AREAS:

1. Parker Lake (GMU 117, Pend Oreille County): All lands south of Ruby Creek Road (USFS Road 2489), north of Tacoma Creek Road (USFS Road 2389) and west of Bonneville Power Administration power lines are designated as "CLOSED AREA" to the hunting of wild animals and wild birds year round. The Parker Lake closure was established to provide a protected area for the Air Force Military Survival Training Program.
2. Columbia River and all the islands in the river, and the Benton County shoreline below the high water mark, and any peninsula originating on the Benton County shoreline, between Vernita Bridge (Highway 24) downstream to the old Hanford townsite powerline crossing (wooden towers) in Section 24, T 13 N, R 27 E, is designated as a "CLOSED AREA" to the hunting of wild animals and wild birds.
3. Green River (GMU 485): Except for special permit hunters, who may also take a black bear and/or cougar with the appropriate license/tag options, all lands within GMU 485 are designated as a "CLOSED AREA" to the hunting of big game by Department of Fish and Wildlife regulated hunters throughout the year. During the general westside elk season and general and late deer seasons, all lands within GMU 485 are also designated as a "CLOSED AREA" to the hunting of all wild animals (including wild birds). The City of Tacoma enforces trespass within GMU 485 on lands owned or controlled by the City during all times of the year.
4. McNeil Island: McNeil Island (part of GMU 652) is closed to the hunting of all wild animals (including wild birds) year around.
5. Loo-wit (GMU 522): Closed to hunting and trapping within GMU 522 (Loo-wit), except for the hunting of elk by special permit holders during established seasons and designated areas.
6. The Voice of America Dungeness Recreation Area County Park in Clallam County is closed to all hunting except Wednesdays, weekends, and holidays, from the first weekend in October to the end of January.
4. Walla Walla Mill Creek Watershed (GMU 157): All lands in the Mill Creek Watershed are designated as a "CLOSED AREA" to the hunting of all wild animals (including wild birds) except for the hunting of elk by the holders of GMU-157 special elk permits during the established open season. This area is closed to motorized vehicles. Entry is allowed only by Forest Service permit for the duration of the hunt. Any entry into the Mill Creek Watershed at other times is prohibited.
5. Westport: Closed to hunting of all big game animals on that part of Westport Peninsula lying north of State Highway 105 from the west end of the Elk River Bridge and the Schafer Island Road to the ocean beach.

FIREARM RESTRICTION AREAS

The firearm restriction areas listed below have been established by the Fish and Wildlife Commission. Exceptions to firearm restrictions may be made through rule by the Fish and Wildlife Commission. Centerfire and rimfire rifles are not legal for hunting in any of these areas.

In firearm restriction areas, hunters may hunt only during the season allowed by their tag. Archery tag holders may hunt during archery seasons with archery equipment. Muzzleloaders may hunt during muzzleloader seasons with muzzleloader equipment. Modern firearm tag holders may hunt during modern firearm seasons with bows and arrows, crossbows, muzzleloaders or revolver-type handguns meeting the equipment restrictions or legal shotguns firing slugs or buckshot.

Additional or more specific firearm restrictions may be listed under the area description.

WAC 232-28-266 Damage prevention permit hunts.

DAMAGE PREVENTION PERMIT HUNTS

Pursuant to RCW 77.12.150 and 77.12.260, a landowner with deer, elk, or turkey-caused property damage may enter into a Cooperative Agreement (contract) with WDFW and the commission may establish a special season as described by this rule.

The landowner agrees not to claim damage payments, except Elk Areas 3721 and 3722, and will allow access to hunters during the general hunting seasons. Landowner selects hunters. A damage prevention access permit provided to a landowner by WDFW and given to the hunter will authorize the hunter to use an unused general deer, elk, or turkey tag to hunt and kill a legal animal during the appropriate prescribed season.

Deer:

Tag Required: Deer hunter must have a current valid, unaltered, unnotched deer tag on his/her person.

Hunting Method: Any legal weapon

Season Framework: August 1 - March 31

Location: Statewide

Legal Deer: Antlerless Only

Kill Quota: 300 Per license year

Location: Region One

Legal Deer: Antlerless Only

Kill Quota: 300 Per license year

Location: GMUs 105-124

Legal Deer: Whitetail Antlerless Only

Kill Quota: 300 Per license year

Elk:

Tag Required: Elk hunter must have a current valid, unaltered, unnotched elk tag on his/her person.

Hunting Method: Any legal weapon

Season Framework: August 1 - March 31

Location: Statewide

Legal Elk: Antlerless Only

Kill Quota: 200 Per license year

Location: Hanford Area - GMUs 372 and 379

Kill Quota: 60 antlerless only, per license year

Elk Area 3721

Kill Quota: 50 spike or antlerless during Aug. 1 - March 31; 30 bulls only during May 15 - July 31, except spike only July 1-31, per license year.

Special Note: Access in Elk Area 3721 may not be sold as a condition of use of these permits. The director may consider damage claims from landowners in Elk Areas 3721 and 3722 who accept these permits and do not charge for access.

Turkey:

Tag Required: Turkey hunter must have a current valid, unaltered, unnotched turkey tag on his/her person.

Hunting Method: Any legal turkey hunting method

Season Framework: December 16 - March 1

Location: GMUs 105 - 130

Legal Turkey: Either sex

Kill Quota: 200 Per license year.

WAC 232-28-285 2009-2010 Pilot cougar hunting seasons with the aid of dogs. As used in this section and in the context of pilot cougar hunting seasons, the following definitions apply:

"Accompany" means the dog handler and permit hunter must be in the physical presence of each other at the time dogs are released from a leash or unrestrained or starting a cougar track.

"Pursue" or "pursuit" means dogs are:

- Not on a leash or restrained; or
- Starting a cougar track; or

- In the act of tracking a cougar; or
- At a treed cougar.

Transporting dogs in a motorized vehicle or walking a dog on a leash is not pursuit.

"Dog handler" means a person that owns or hunts with dogs that are capable of detecting, tracking and treeing a cougar.

"Quota" means the targeted harvest goal. The actual harvest level may exceed the quota.

"Kill permit" allows a hunter to pursue or kill cougar.

"Pursuit permit" allows a hunter to pursue cougar.

(1) The pilot cougar-hunting season will allow use of dogs to hunt cougar. The hunts will consist of pursuit-or-kill seasons and pursuit-only seasons.

(2) Pursuit-or-kill seasons:

Cougar may be pursued or killed with the aid of dogs from December 19, 2009, until the female zone quota has been killed, the total zone quota has been killed, or March 31, 2010, whichever occurs first; EXCEPT GMUs 101, 105, and 204 where cougar may be pursued or killed from January 1, 2010, until the female zone quota has been killed, the total zone quota has been killed, or March 31, 2010, whichever occurs first.

(3) Pursuit-only seasons:

(a) If a zone quota is killed prior to March 31, 2010, cougar may be pursued with dogs in all or portions of that zone until March 31, 2010. Hunters may only pursue cougars in

designated pursuit only areas identified on their kill or pursuit-only permit. Hunters may not kill cougar during pursuit-only seasons.

(b) Hunters selected for the pursuit-or-kill season (accompanied by up to three of their identified handlers) may participate in a pursuit-only season. Permit hunters that harvest a cougar under a kill permit may continue to pursue cougars until March 31. If a zone quota is killed, the department may also issue pursuit-only permit to hunters drawn at random from the unselected pool of applicants. The director will identify the number of pursuit-only hunters selected.

(4) Hunt areas and kill quotas:

Cougar seasons will be based on a quota system, where permit hunters may hunt and kill cougar until the allotted numbers of cougar have been killed from each hunt zone or March 31, 2010, whichever occurs first.

(a) Kill quotas start September 1 and will include all cougar killed during seasons with and without the aid of dogs, including cougar seasons under this section, cougar seasons without the aid of dogs authorized under WAC 232-28-272 and 232-28-287, depredation permits, landowner kill permits, and WDFW depredation authority.

(b) Individual problem cougar will continue to be killed on an as-needed basis utilizing depredation permits, landowner kill permits, and WDFW depredation authority even if these kills result in exceeding a zone quota.

CMU	Hunt Choice	Hunt Zone	Area Description	QUOTA	
				Total	Female
East Cascades North	9001	Okanogan	Those portions of GMUs 203, 209, 215, 218, 233, 224, 231, 239, and 242 within Okanogan County	17	7
	9002	Chelan	Those portions of GMUs 243, 244, 245, 246, 247, 249, 250, and 251 within Chelan County	6	2
Northeastern	9003	Ferry-Okanogan	GMUs 101, 105, 204	20	8
	9004	Stevens-Pend Oreille	Those portions of GMUs 108, 111, 113, 117, 121 within Stevens and Pend Oreille counties	19	7
East Cascades South	9005	Klickitat	Those portions of GMUs 382, 388, 578 within Klickitat County	6	2

(5) Quota hotline:

Permit hunters participating in a pursuit-or-kill season must call the toll free cougar quota hotline within twenty-four hours prior to each day hunting cougar to determine if the zone quota has been killed and the zone is closed. Hunters who hunt more than one consecutive day must call the quota hotline once daily to determine if the zone quota is killed. Hunters who harvest a cougar with the aid of dogs must notify the department within twenty-four hours of kill (excluding legal state holidays) and provide the hunter's name, date and location of kill, and sex of animal. The raw pelt of a cougar, with proof of sex naturally attached, must be sealed by an authorized department employee within five days of the notification of kill. Any person who takes a cougar must present the cougar skull in such a manner that teeth and biological samples can be extracted to an authorized department employee at the time of sealing.

(6) Kill or pursuit-only permit eligibility:

(a) To apply for a kill or pursuit-only permit under this section, individuals must purchase a cougar permit application and submit the application in compliance with WAC 232-28-291 by a date and time identified by the director.

(b) To be eligible for a permit, the participant must be a Washington resident who at the time of application for a permit possesses a valid big game license with cougar as a species option. The permit holder may use dogs while participating in a cougar hunt under this section.

(c) A permit will not be issued to any person who has been convicted of unlawful use of dogs under RCW 77.15.245 within the five-year period prior to December 1, 2004. Any person issued a permit and who is subsequently convicted of any wildlife offense while participating in a pursuit-or-kill or pursuit-only season, or who violates any condition of the permit, will have the permit revoked and will be ineligible to participate in the remainder of the pilot program.

(7) Permit issuance procedure:

(a) The number of kill permits may be established by the director, but will not exceed two times the total cougar quota for each hunt zone.

(b) The department will issue kill or pursuit-only permits to the persons whose applications are drawn at random. Individuals selected will be notified by telephone or mail. Kill and pursuit-only permits may not be sold or reassigned.

(c) If a female zone quota or total zone quota is not killed in a hunt zone by February 15 (or sooner as identified by the director), then the department may issue kill permits to additional hunters. Hunters will be drawn at random from the unselected pool of applicants.

(8) Qualifications for participation and requirements:

In addition to the provisions applicable to all cougar hunters:

(a) Successful applicants must complete a training program prior to participating in a pursuit-or-kill season or pursuit-only season with the aid of dogs.

(b) Participants must have their permit issued by the department in their possession while hunting cougar.

(c) Individuals selected for a kill permit may kill and possess one cougar per permit and only the permittee may kill the cougar.

(d) Individuals selected for a cougar kill or pursuit-only permit may use dog handlers. However, no more than three handlers may accompany the permittee while hunting or pursuing cougar. Dog handlers may not pursue cougar when the permit hunter is not present at the time the dogs are released from a leash or unrestrained. Dog handlers must have a dog handler identification card, issued by the department, in their possession while participating in a pursuit-or-kill season or pursuit-only season.

(e) Dog handlers must possess a valid Washington hunting license.

(f) It is unlawful to kill or possess spotted cougar kittens or adult cougars accompanied by spotted kittens.

(g) Participants must have a vehicle placard issued by the department. The vehicle placard must be placed in the per-

mittee's and dog handler's vehicles and be visible from outside the vehicles at all times while hunting or pursuing cougar.

(h) Kill and pursuit-only permit hunters are required to report their hunting activity, whether they harvest a cougar or not, using the toll free cougar quota hotline. Unsuccessful hunters must report their hunting activity by April 10, 2009. A violation of this requirement under this subsection is punishable as an infraction under RCW 77.15.160.

(9) The permit belongs to the state of Washington. The permit holder may be required to return to or turn over to the department the permit when, in the judgment of the department, the permit holder violates any conditions of the permit, violates trespass laws while acting under this permit, or violates any other criminal law or hunting regulation of the state while acting under this permit. If the permit holder is required to return to or turn over to the department the permit, the permit holder may request an appeal of that action in accordance with chapter 34.05 RCW. Appeal request shall be filed in writing and returned within twenty days of the date of action and be addressed to WDFW Legal Services Office, 600 Capitol Way North, Olympia, Washington 98501-1091.

WAC 232-28-291 Special hunting season permits. The commission may establish special hunting seasons limited to species and/or weapon type.

1. Deer, elk, cougar, or black bear special hunting season permit applications:

A. To apply for special hunting season permits for deer, elk, cougar, or black bear applicants must have a valid Washington big game hunting license and a valid transport tag for the appropriate species. To apply for a particular hunt, each applicant for deer or elk must have the proper transport tag as identified in the special deer or elk permit regulations.

B. Multiple season deer and elk permit applications may be purchased without additional licenses or tags. Persons who are successfully drawn must purchase a multiple season permit for deer or elk and may also apply for archery, muzzleloader, or modern firearm special hunting season permits for the species drawn.

2. Mountain goat, moose, and bighorn sheep special hunting season permit applications:

A. Persons who have previously harvested a mountain goat, bighorn sheep, or moose in Washington are ineligible to apply for a special hunting season permit for that species. This lifetime harvest restriction does not apply to individuals who harvested a mountain goat before 1999, raffle or auction hunt authorizations, ewe-only bighorn sheep hunts, master hunter moose hunts, or antlerless-only moose hunts.

B. Successful applicants under this section must purchase the appropriate hunting license within fifteen days of the published notification deadline by the department. Failure to purchase forfeits the permit to an alternate applicant.

3. Wild turkey special hunting season permit applications

A. To apply for wild turkey special hunting season permits, each applicant must have a valid small game hunting license.

B. Fall wild turkey special hunting season permit holders must have a valid turkey transport tag in possession to hunt turkeys in fall special hunting seasons.

4. Special hunting season permit applications:

A. Maximum group sizes are determined for each category. If a group application is drawn, all hunters in the group will receive a special hunting season permit and each hunter in the group can take an animal. If the number of permits available in a hunt category is less than the maximum group size, then the maximum group size is equal to the number of permits.

- i. Maximum group size for deer is 8.
- ii. Maximum group size for elk is 8.
- iii. Maximum group size for bear is 2.
- iv. Maximum group size for cougar is 2.
- v. Maximum group size for mountain goat is 2.
- vi. Maximum group size for bighorn sheep is 2.
- vii. Maximum group size for fall turkey is 4.
- viii. Maximum group size for moose is 2.
- ix. Maximum group size for multiple season deer is 2.
- x. Maximum group size for multiple season elk is 2.

B. An applicant may purchase only one application for a special hunting season permit for each category.

C. Permits will be drawn by computer selection using a weighted point selection system.

D. Incomplete applications will not be accepted.

E. If an applicant makes a mistake, applies for the wrong hunt, and is successfully drawn, the special hunting season permit can be returned to the department of fish and wildlife Olympia headquarters before the opening day of the special hunting season or the opening day of the general hunting sea-

son, whichever comes first. The applicant's points will be restored to the level prior to the permit drawing.

F. Anyone may apply for a special hunting season permit for deer, elk, bear, cougar, and wild turkey.

5. In addition to requirements for special hunting season permit applications, following are application requirements for:

A. Special hunting seasons for persons of disability: Only applicants with a Washington disabled hunter permit are eligible to apply for any special hunting season permits for persons of disability.

B. Special hunting seasons for youth: Only persons who are eligible to lawfully purchase a youth hunting license are eligible to apply for special hunting season permits for youth.

C. Special hunting seasons for hunters age 65 and older: Only applicants sixty-five years of age or older on or before March 31 of the current license year will be eligible to apply for special hunting season permits for hunters age 65 and older; except for special moose hunts for persons age 65 and older, applicants must be 65 years of age or older by November 30 during the license year they are applying for.

D. Special hunting seasons for master hunter program graduates: Only persons who hold a valid certificate from the Washington department of fish and wildlife's master hunter program are eligible to apply for special hunting season permits for master hunters.

6. Citizen reward for reporting violations - bonus points: A person who provides information which contributes substantially to the arrest of another person for illegally hunting or killing big game or an endangered species as defined by Title 77 RCW is eligible to receive ten bonus points toward the special hunting permit drawing for deer or elk special hunting season permits.

A. Only ten bonus points can be awarded for providing information for each person charged regardless of the number of violations involved.

B. Selection of bonus points is in lieu of application for a cash award.

WAC 232-28-294 Multiple season big game permits. The commission may, by rule, offer permits for hunters to hunt deer or elk during more than one general season.

An annual drawing will be conducted by the department for multiple season permits.

(1) Multiple season big game hunting permit applications:

(a) To apply for multiple season big game hunting season permits for deer or elk, applicants must purchase a permit application.

(b) No refunds or exchanges for applications will be made for persons applying for multiple season big game hunting season permits after the drawing has been held.

(c) An applicant may purchase only one application for a multiple season big game hunting season permit for each species.

(d) Permits will be randomly drawn by computer selection.

(e) Incomplete applications will not be accepted.

(f) The department will establish application and drawing dates.

(2) The bag limit for this permit is one deer or elk.

(3) Multiple season permits:

(a) Hunters who are drawn will be required to purchase their original deer or elk license, corresponding to their permit, and the multiple season big game permit.

(b) Successful applicants will be allowed to purchase their permit on a first come, first served basis until the quota has been reached. Once the quota is reached, permit sales will be curtailed.

(c) The permits are not transferable.

(4) Permit holders are required to follow all rules and restrictions for general season hunters within the game management unit or area hunted.

WAC 232-28-295 Landowner hunting permits. A landowner may enter into a contract with the department and establish boundaries and other requirements for hunter access consistent with commission policy.

Hunters must possess both an access permit from the landowner and a hunting permit from the department when hunting on lands and for species covered under contract.

(1) Buckrun

Buckrun is located in Grant County, near the town of Wilson Creek.

Hunting on Buckrun is managed for a quality experience by scheduling hunt dates and keeping the number of hunters in the field low. Hunters with limited flexibility for hunt dates may experience scheduling problems. Hunters can generally expect one day hunts during the permit seasons with written authorization from the Buckrun manager. All hunters must

check in and out on hunt day. Hunts will be scheduled on a first come basis by calling 509-345-2577 in advance.

WAC 232-28-352 2009-2011 Elk general seasons and definitions.

Bag Limit: One (1) elk per hunter during the license year except where otherwise permitted by fish and wildlife commission rule. Any combination of seasons, tags, and permits set by the fish and wildlife commission will not exceed a maximum of two (2) elk per hunter during the license year.

Hunting Method: Elk hunters must select only one of the hunting methods (modern firearm, archery, or muzzleloader).

Elk Tag Areas: Elk hunters must choose either Eastern or Western Washington to hunt in and buy the appropriate tag for that area.

Any Bull Elk Seasons: Open only to the taking of elk with visible antlers (bull calves are illegal).

Antler Point: To qualify as an antler point, the point must be at least one inch long measured on the longest side.

Branch: A branch is defined as any projection off the main antler beam that is at least one inch long, measured on the longest side, and longer than it is wide.

Spike Bull Antler Restrictions: Bull elk taken in spike only GMUs must have at least one antler with no branches originating more than four inches above where the antler attaches to the skull.

Spike Only GMUs: 145-154, 162-186, 249, and 336-368.

True Spike—Bull Antler Restrictions: Bull elk taken in these units must have both antlers with no branching originating more than four inches above where the antlers attach to the skull. Under the true spike restriction, the taking of an elk that has two points on one side or has antler points within one inch of the definitions regarding length of point, or point of origination is an infraction under RCW 7.84.030. All other types of violations of the true spike restriction are subject to current penalties and assessments.

True Spike GMUs: 251, 328-335.

3 Point Antler Restrictions: Legal bull elk must have at least 3 antler points on one side with at least 2 antler points

above the ear. Eye guards are antler points when they are at least one inch long. Antler restrictions apply to all hunters during any open season.

3 Point GMUs: All of Western Washington except for GMUs 454, 564, 568, 574, 578, 652 for archers, 666, 684, and Elk Area 4941.

Permit Only Units: The following GMUs are closed during general seasons: 157, 371, 418, 485, 522, 524, 556, 621, 636, 653, and Elk Area 3068.

GMUs Closed to Elk Hunting: 437 (except for Elk Area 4941) and 490.

Elk Tag Areas

Eastern Washington: All 100, 200, and 300 GMUs except permit only for all hunters in GMUs 157 and 371. Modern firearms are restricted in GMU 334.

WAC 232-28-353 2009 Deer special permits.

SPECIAL DEER PERMIT HUNTING SEASONS

(Open to Permit Holders Only)

Hunters must purchase a deer hunting license prior to purchase of a permit application. Hunters may only apply for permits consistent with the tag required for the hunt choice; however, Multiple Season Permit holders may apply for archery, muzzleloader, or modern firearm permit hunts. Hunters drawn for a special permit hunt must comply with weapon restrictions and dates listed for the hunt.

Special Deer Permits - Second Deer Tag				
These permits are only valid when a second license and tag is purchased. Hunters must use the method/weapon listed on their tag. The second deer license and tag type must be the same tag type as the first one. These 2nd deer special permit hunts will affect hunters' accumulated points. Hunters' points will be used if drawn for this special permit.

Hunter Education Instructor Incentive Permits				
<ul style="list-style-type: none"> Special deer permits will be allocated through a random drawing to those hunter education instructors that qualify. Permit hunters must use archery equipment during archery seasons, muzzleloader equipment during muzzleloader seasons, and any legal weapon during modern firearm seasons. Qualifying hunter education instructors must be certified and have been in active status for a minimum of three consecutive years, inclusive of the year prior to the permit drawing. Instructors who are drawn, accept a permit, and are able to participate in the hunt, will not be eligible for these incentive permits for a period of ten years thereafter. Permittees may purchase a second license for use with the permit hunt only.

WAC 232-28-354 2009 Elk special permits.

Special Elk Permit Hunting Seasons (Open to Permit Holders Only)

Hunters must purchase an elk hunting license prior to purchase of a permit application. Hunters may only apply for permits consistent with the tag required for the hunt choice; however, Multiple Season Permit holders may apply for Eastern or Western Washington archery, muzzleloader, or modern firearm permit hunts. Applicants must have purchased the proper tag for these hunts. The elk tag prefixes required to apply for each hunt are shown in the following table. Hunters drawn for a special permit hunt must comply with weapon restrictions and dates listed for the hunt.

HM—This is a damage hunt administered by a WDFW designated hunt master. Successful applicants will be contacted on an as-needed basis to help with specific sites of elk damage on designated landowner's property. Not all successful applicants will be contacted in any given year depending on elk damage activity for that year.

Hunter Education Instructor Incentive Permits				
<ul style="list-style-type: none"> Special elk permits will be allocated through a random drawing to those hunter education instructors that qualify. Permit hunters must use archery equipment during archery seasons, muzzleloader equipment during muzzleloader seasons, and any legal weapon during modern firearm seasons. Qualifying hunter education instructors must be certified and have been in active status for a minimum of three consecutive years, inclusive of the year prior to the permit drawing. Instructors who are drawn, accept a permit, and are able to participate in the hunt, will not be eligible for these incentive permits for a period of ten years thereafter. Permittees may purchase a second license for use with the permit hunt only.

Daily bag limit: 4 geese.

Possession limit: 8 geese.

AUTHORIZATION REQUIRED TO HUNT SNOW GEESE.

When hunting snow geese in Goose Management Area 1, all persons are required to possess a snow goose hunting authorization and harvest report. Hunters who did not possess a 2008-09 authorization must submit an application form to WDFW (forms available on-line and at Washington department of fish and wildlife, Olympia and regional offices).

Immediately after taking a snow goose into possession, hunters must record in ink the information required on the harvest report. Hunters must report harvest information by February 15, 2010. Hunters failing to comply with reporting requirements will be ineligible to participate in the 2010-11 snow goose season.

It is unlawful to discharge a firearm for the purpose of hunting waterfowl within 100 feet of any paved public road on Fir Island in Skagit County. While hunting snow geese on Fir Island, if a hunter is convicted of 1) trespass, 2) shooting from, across, or along the maintained part of any public highway, 3) discharging a firearm for the purpose of hunting waterfowl within 100 feet of any paved public road on Fir Island in Skagit County, or 4) exceeding the daily bag limit for snow geese, authorization will be invalidated for the remainder of the 2009-10 snow goose season and an authorization will not be issued for the 2010-11 snow goose season.

QUALITY HUNTING PROGRAM IN GOOSE MANAGEMENT AREA 1.

Hunters possessing a snow goose hunting authorization for Goose Management Area 1 can apply for a special quality hunt authorization to access private lands around Fir Island. Hunters must apply for these special authorizations by September 25, 2009, using the department's internet or mail application systems. Private lands enrolled in the program are only open to hunters with quality hunt authorizations. Most program lands are open as Feel Free to Hunt or Register to Hunt. All hunters must hunt over decoys and obey posted signs regarding access restrictions. Quality hunt authorizations are not valid for commercial uses.

On each Saturday during the season, all units in the program will be open only to hunters selected in random drawings for each hunt day. Hunters will be assigned at random to units for each hunt day. On these hunt days, up to 3 individuals possessing snow goose authorizations can hunt with the successful applicant. Successful applicants must check in with the WDFW hunt coordinator at least one week prior to their scheduled hunting day to receive specific hunting unit information.

Goose Management Area 2A

Cowlitz and Wahkiakum counties, and that part of Clark County north of the Washougal River.

Open in all areas except Ridgefield NWR from 8 a.m. to 4:00 p.m., Saturdays, Sundays, and Wednesdays only, Nov. 14-29,

2009 and Dec. 9, 2009 - Jan. 31, 2010, except closed Dec. 25, 2009 and Jan. 1, 2010. Ridgefield NWR open from 8 a.m. to 4:00 p.m. Tuesdays, Thursdays, and Saturdays only, Nov. 19-28, 2009 and Dec. 10, 2009 - Jan. 31, 2010, except closed Nov. 26.

Bag limits for Goose Management Area 2A:

Daily bag limit: 4 geese, to include not more than 1 dusky Canada goose and 2 cackling geese.

Possession limit: 8 geese, to include not more than 1 dusky Canada goose and 4 cackling geese.

Season limit: 1 dusky Canada goose.

Goose Management Area 2B

Pacific County.

Open from 8 a.m. to 4:00 p.m., Saturdays and Wednesdays only, Oct. 17, 2009 - Jan. 16, 2010.

Bag limits for Goose Management Area 2B:

Daily bag limit: 4 geese, to include not more than 1 dusky Canada goose, 1 Aleutian goose, and 2 cackling geese.

Possession limit: 8 geese, to include not more than 1 dusky Canada goose, 2 Aleutian geese, and 4 cackling geese.

Season limit: 1 dusky Canada goose.

Special Provisions for Goose Management Areas 2A and 2B:

A dusky Canada goose is defined as a dark-breasted (as shown in the Munsell color chart 10 YR, 5 or less) Canada goose with a culmen (bill) length of 40-50 mm. A cackling goose is defined as a goose with a culmen (bill) length of 32 mm or less.

The goose season for Goose Management Areas 2A and 2B will be closed early if dusky Canada goose harvests exceed area quotas which collectively total 40 geese. The fish and wildlife commission has authorized the director to implement emergency area closures in accordance with the following quotas: A total of 40 dusks, to be distributed 5 for Zone 1 (Ridgefield NWR); 5 for Zone 2 (Cowlitz County south of the Kalama River); 18 for Zone 3 (Clark County except Ridgefield NWR); 7 for Zone 4 (Cowlitz County north of the Kalama River and Wahkiakum County); and 5 for Zone 5 (Pacific County). Quotas may be shifted to other zones during the season to optimize use of the statewide quota and minimize depredation.

Hunting is only permitted by authorization, available at any WDFW license vendor to hunters who have met requirements for participation. New hunters and those who did not maintain a valid 2008-09 authorization must review goose identification training materials and score a minimum of 80% on a goose identification test to receive authorization. Hunters who fail a test must wait 28 days before retesting, and will not be issued a reciprocal authorization until that time.

With authorization, hunters will receive a harvest report. Hunters must carry the authorization card and harvest report while hunting. Immediately after taking any goose into pos-

session, hunters must record in ink the information required on the harvest report. Hunters must go directly to the nearest check station and have geese tagged when leaving a hunt site, before 6:00 p.m. If a hunter takes the season bag limit of one dusky Canada goose or does not comply with requirements listed above regarding checking of birds and recording harvest on the harvest report, authorization will be invalidated and the hunter will not be able to hunt geese in Goose Management Areas 2A and 2B for the remainder of the season and the special late goose season. It is unlawful to fail to comply with all provisions listed above for Goose Management Areas 2A and 2B.

Special Late Goose Season for Goose Management Area 2A:

Open to Washington department of fish and wildlife master hunter program graduates and youth hunters (15 years of age or under, who are accompanied by a master hunter) possessing a valid 2009-10 southwest Washington goose hunting authorization, in areas with goose damage in Goose Management Area 2A on the following days, from 7:00 a.m. to 4:00 p.m.:

Saturdays and Wednesdays only, Feb. 6 - Mar. 10, 2010.

Daily bag limit: 4 geese, to include not more than 1 dusky Canada goose and 2 cackling geese.

Possession limit: 8 geese, to include not more than 1 dusky Canada goose and 4 cackling geese.

Season limit: 1 dusky Canada goose.

A dusky Canada goose is defined as a dark-breasted Canada goose (as shown in the Munsell color chart 10 YR, 5 or less) with a culmen (bill) length of 40-50 mm. A cackling goose is defined as a goose with a culmen (bill) length of 32 mm or less.

Hunters qualifying for the season will be placed on a list for participation in this hunt. Washington department of fish and wildlife will assist landowners with contacting qualified hunters to participate in damage control hunts on specific lands incurring goose damage. Participation in this hunt will depend on the level of damage experienced by landowners. The special late goose season will be closed by emergency action if the harvest of dusky Canada geese exceeds 45 for the regular and late seasons. All provisions listed above for Goose Management Area 2A regarding authorization, harvest reporting, and checking requirements also apply to the special late season; except hunters must confirm their participation at least 24 hours in advance by calling the goose hunting hotline (listed on hunting authorization), and hunters must check out by 5:00 p.m. on each hunt day regardless of success. It is unlawful to fail to comply with all provisions listed above for the special late season in Goose Management Area 2A.
